One member of the faculty has given more than her share of service to the Senior Class. This teacher has supervised the production of our yearbook, the 1966 Warrior. The teacher of whom we speak is Miss Jahnle. She has spent much of her free time unselfishly helping us, the Yearbook Staff, to put together this book; and without her help and guidance, the task would have been insurmountable. So, in our own small way, we of the Yearbook Staff offer on behalf of the entire Class of 1966 our heartfelt gratitude to Miss Jahnle.

## In Appreciation

Billerica Memorial High School has been fortunate in having among its faculty "Chuck" Lampson. One of the best-known and most-respected teachers in our school, he, in his many years of teaching, has contributed to our class and to many others like us countless hours of service. For twenty-five years he has spent many long and tedious hours coaching our varsity football team. In this and in other smaller, but no less important, ways "Chuck" has exhibited his concern for the future of our class. In return, we, the Class of 1966, join former graduating classes in expressing our gratitude to him.

We, the Class of 1966, thank our Principal, Mr. Chester D. Ingraham, for his devotion in leading us, guiding us, helping us, and inspiring us. He has neither refused to lend a "helping hand" nor refused to show interest in our problems and in our activities. We shall never forget his patient, untiring efforts.

The Class of 1966 wishes to extend to Mrs. Patricia Cain, adviser to both the Senior Class play and to the Cheerleaders, a most sincere "thank you" for her untiring efforts on our behalf. The Senior Class play, one of the highlights of our Senior year, is an enormous task. Laborious hours and patience are but two of the ingredients which have made not only our play but also our Cheerleaders highly successful and outstanding.

Any person who has devoted as many years of her life to the teaching profession as has Miss E. Ruth Belcher must be called a "dedicated teacher." She has shown a sincere interest in all her students and has devoted innumerable hours to preparing students for college. We deeply appreciate Miss Belcher's assistance and wish her to accept our sincere "thank you."

*OUR FACULTY . . . the leaders  
of our world . . . they are helpful  
. . . interesting . . . uplifting . . .  
and fun . . . always appearing  
when mischief is brewing . . .  
always maintaining their poise in  
times of mass hysteria . . .  
personally always urging us onward  
to higher, more successful goals  
. . . stern and smiling . . . serious  
in lecture and lovable at heart . . .  
yes, they are our leaders . . . so  
to them, "Thank you."*

You have now completed a giant step toward success. You have been trained to make sound judgments. However, knowing what is right does not lead you to pursue what is right. The fact that man knows right from wrong proves his intellectual superiority to other creatures; but the fact that he can do wrong proves his moral inferiority. Lack of courage is the cause of our moral inferiority. Have the courage of your convictions and live up to your ideals.

Frederick C. Riel

*Superintendent of Schools*

To the Class of 1966:

First let me offer my congratulations to the graduating class of 1966. The successful completion of your high school education is a mark of which you may be justly proud.

But more than the pride you feel, the challenge you now face is so exciting as to cause envy within me. The spirit of American youth, which was torched by our late martyred President John F. Kennedy and continues to glow throughout the night at Arlington National Cemetery as a constant reminder, has been asked to better the world. No greater challenge has ever been issued. No greater response has ever been given.

Yes, the invitation extended to our youth and accepted by so many causes me envy. As youth fades, the realization comes fast that the world belongs to the young. I have envy but my confidence is great.

William H. Flaherty, Jr.

## Superintendent and Staff

Miss Dole

SCHOOL—a time of joy; a period of inaccessible goals, often attained but in the imagination dreaded and feared; hopes and ambitions flashing across the screen of the mind ever changing, ever altering, ever varying to the emotional framework in its reaction to the multiple stimuli of such indefinable conditions as success, security, ideals, and affluence.

PRESSURES—ever mounting; seldom ceasing; yet in the interim time out for football, baseball, basketball, hockey, track, cross country with their thrills for the school spirit minded student; the dances, the clubs, the social functions with their important part in the pattern of every day school life; and the vacillation that all students experience in preparing for the future, for positions, for further education.

EPILOGUE—graduation, the commencement of true education; the realization of the inestimable value of a general knowledge that cannot be measured by dollars and cents; the backward look; the vow that if school, this entire experience, were to be repeated in retrospect, what a different result, what a regrouping of resources, to encounter all these advantages to the full.

Chester D. Ingraham  
*Principal*

Much has been expected of you young men and of you young women during your four years as students at Billerica Memorial High School. During these years you have been a part of a proper educational environment at school and you have benefited by the wisdom and the guidance of your parents at home. Your teachers and your parents have earnestly endeavored to guide, instruct, and prepare you for the day when you must form your own judgments, unreservedly and fearlessly, without friendly counsel.

Soon you will transcend the security of home and of school and embark upon a new course in which you alone will be required to ponder and select those concepts which represent what is best for you and for humanity. Do not be influenced by imprudent opinion, relativism of thought, or unsubstantiated theories however popular. Cling tenaciously to your principles, base your assents upon evidence, and accept nothing without a reason.

You have a future which many young people in many lands may dream of but can never attain. Enter it confidently and strive in your every action to make it even better for those who will follow you.

## Class Advisers

As the Class of 1966, you have completed four years of high school education—formal, in the classroom; informal, from your association with the Billerica Memorial High School faculty and student body. Your education (learning, if you wish) is just beginning, although some of you are now leaving the routine of formal education. No learning is ever completed.

May your future be successful and rewarding in the continuing search for truth and right.

John Lalumiere

Elma J. Sarkisian

*Class Advisers*

Did you enjoy the Junior and Senior Proms and the Class trip? Behind each of these and all our other events and activities which were so important to us during our high school years, were two persons—Mrs. Sarkisian and Mr. Lalumiere. By the many self-sacrificing hours which they spent in behalf of our class, they have exhibited their concern for the youth of our country. They have contributed to the building of our characters and have given us our most enjoyable experiences in B.M.H.S. We offer our gratitude and thanks to our Class Advisers.

## Past, Present, and Future

*It is the year 2,000. The setting is a high school senior talking with her grandmother about high school in the years 1962-1966.*

"Grandma, what was high school like when you went to school? Was it as it is now? Tell me."

"Oh—I remember when I was a Freshman. I was so frightened of my new environment that I was ready to turn tail and run. I can remember how the Seniors teased my friends and me, sending us on wild goose chases around the building.

"It didn't take long for the newness to wear off. Soon, it was as if I had been there all along. Time flew that year—the Christmas semi-formal (my first), the Valentine Hop, midyears, finals—then the year was over.

"Summer passed, and I was a Sophomore. Oh, the trials. I remember the changes in so many of my friends and classmates. You should have seen our cafeteria that year at Christmas. The preparations for our semi-formal had transformed it thoroughly from the everyday rows of tables to scenic enchantment. Then, again, before I knew it, another year had flown by and with it, a thousand and one memories.

"The year 1964-65 brought my Junior year and the formation of the Student Council in Billerica Memorial High School. That was a big year. Most of all, I remember the beauty of my Junior Prom. All the

last-minute preparations—classmates scurrying, toting palm trees and flowers. Our “Hawaiian Sunset” took us from our usual, everyday routine and placed us on the steps of Heaven.

“When I finally received my class ring, I was so proud; and it made me begin to realize just how close graduation was. Then, all of a sudden . . .

“I was a Senior! I thought I would never make it. I thought it was a million years away. Our Senior officers were: President, Charles Gerossie; Vice-President, Jack Yarnell; Secretary, Pauline DeBenedictis; Treasurer, MaryAnn Meehan (otherwise known as Charlie). Next we made efforts to present a Spaghetti Supper. I remember, too, the collection of pictures I made. Time flew on the wings of an eagle. Christmas and midyears passed before my weary brain. Before I could take a second breath, our Senior Class Play was here and then gone. It seems that we worked endlessly before it was ready for the ‘public,’ and, yes, it passed as did everything before it and everything yet to come.

“Next, before our dizzy heads could clear, we were looking back on it all—the Senior Prom, the Alumnae Banquet, Graduation—all of it.”

*“You know, Grandma, I wish I had lived back in the ‘Old Days.’”*

The Cross Country team enjoyed another successful season this year being undefeated for the second straight year—20 victories and no losses. The team has now won 37 consecutive meets in two years.

The team led by Co-captains Fred Latham and Walter Belville, won two championships, The Merrimack Valley League Championship and The Merrimack Valley Championship Meet.

The Harriers did a tremendous job in the Class C State Meet, coming fourth place out of 31 schools. Coach Samson is very proud of his boys, since four runners were lettermen from last year's squad.

## Spring Track

The Spring Track team of 1965 enjoyed another successful season. The team had an expressive record of nine wins and three losses. Two school records were broken during the season by two sophomores, Walter Belville in the mile—4:42.7 and George Roberts in the two mile—10:32.0.

Robert Mitchell and John Faria were Co-Captains. Coach Samson and Assistant Coach Frank Martin were very impressed with the performances of the members of the team. Twenty-five of the thirty-four members are returning in 1966.

## Thanksgiving Game

## Mistletoe Magic

## Special Thanks

Indication of *school spirit*, generosity, effort, and interest in our School was demonstrated this year by the Class of 1969 under the leadership of Joanne Tilton. We thank the Freshmen for making all the posters and selling a substantial number of tickets for our Yearbook—B. A. A. Basketball Game, which was a great success. We also thank them for helping us sell tickets to our Senior Play and for their financial and moral support of and participation in other school activities.

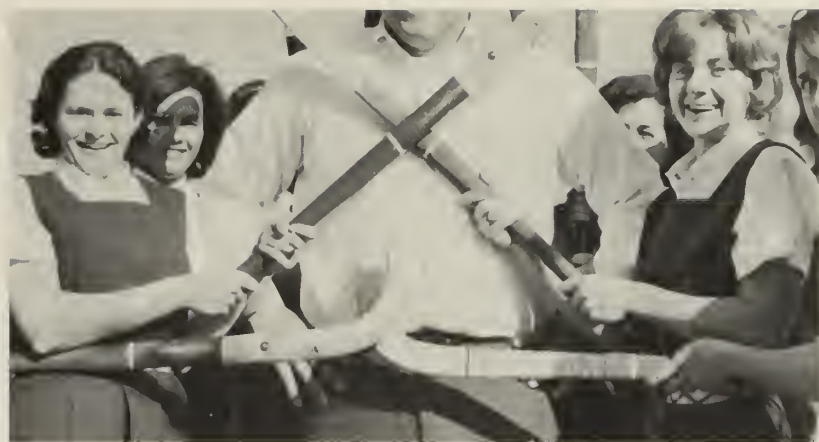

The Class of 1966 expresses heartfelt thanks to the ladies who work in our cafeteria. All these ladies have shown an interest in our Class and in our Yearbook, and we want them to know that their gift is truly appreciated.

My side had 33 percent fewer cavities!

Guess Who?

Wow!

Who's able to leap tall buildings in a single bound?

007 strikes again!

Fun? Sure!

That is a football!

Calling all girls!

Look out below!

For him, we'll never forget.

"Hey, that's a pretty good game out there!"

"I say, would you please come down?"

Which one did it?

"Do you want a spanking?"

Steve  
Best Wishes in
